MEDICAL SERVICES REQUESTED AT ADDITIONAL CHARGE: (Circle if needed)

Physical Exam Specific Problem: _____

Fecal Exam Heartworm test Update Vaccinations as directed above

Other: _____

Please list anything you brought to keep with your pet:

PLEASE DO NOT LEAVE COLLARS AND LEASHES WITH YOUR PET

As well as providing boarding services, we also offer veterinary services. This gives your pets a unique opportunity to have access to immediate veterinary care and supervision should they need it during their stay. For this reason, we require a plan to be in place so we can honor your medical wishes.

As comfortable and healthy as your pet may seem, being away from home is always a stressful event. That stress can trigger underlying medical issues. There are a wide range of possibilities from minor medical issues such as diarrhea, to life threatening conditions such as bloat or urinary obstructions. Please remember that these situations are rare, but because we have experienced them in the past, and we do have access to veterinary care, we will address them as deemed appropriate by our medical staff. We will not allow any animal to suffer while in our care.

We will always attempt to contact you immediately. In the event that we cannot reach you or your emergency contact, we require a plan to be in place so we can care for your pet as you would choose if you were here.

Having read and understood the information above, I agree to the following plan (please select one):

If I or my emergency contact cannot be reached, I authorize Cloverleaf Animal Clinic to treat my pet:

☐ Up to \$_____ in treatments and medications.

☐ As if it were our own. I agree to any and all fees necessary for any treatment including minor treatment and lifesaving measures if necessary.
